

THE INTERNATIONAL SOCIETY OF
PRECISION AGRICULTURE PRESENTS THE
14th INTERNATIONAL CONFERENCE ON
PRECISION AGRICULTURE

June 24-27, 2018 • Le Centre Sheraton • Montreal, Quebec, Canada

Call for Abstracts

Abstracts for the 14th International Conference on Precision Agriculture may be submitted online at www.ispag.org on or before the abstract submission deadline, November 30, 2017. Abstracts must be 300-500 words in length and not contain references or figures. Abstracts will be reviewed for suitability based on scientific content and clarity by the conference program committee. Authors of accepted abstracts will be invited to submit a paper for the conference proceedings and to present their research as an oral or poster presentation after payment of registration fees.

Topics

- Precision Agriculture and Global Food Security
- Proximal and Remote Sensing of Soil and Crop (including Phenotyping)
- Applications of Unmanned Aerial Systems
- Wireless Sensor Networks
- Robotics, Guidance and Automation
- Precision Dairy and Livestock Management
- Farm Animals Health and Welfare Monitoring
- Geospatial Data
- Big Data, Data Mining and Deep Learning
- Decision Support Systems
- Smart Weather for Precision Agriculture
- Site-Specific Nutrient, Lime and Seed Management
- In-Season Nitrogen Management
- Precision Crop Protection
- Drainage Optimization and Variable Rate Irrigation
- Land Improvement and Conservation Practices
- Site-Specific Pasture Management
- Precision Horticulture
- Profitability and Success Stories in Precision Agriculture
- Education and Outreach in Precision Agriculture
